GT560 madimack

Dimension of robot	484 × 475 × 300 mm	Filtration capacity	560L/min
Weight of robot	12 kg	Filter precision	25 / 75 µm
Dimension of control box	352 × 82 × 211 mm	Filter basket volume	6 Litres
Weight of control box	1.6 kg	Turbo Scrub	Double Scrubbing Speed
Cable length	18m / 25m	Movement speed	18 m/min
Pool size	Up to 250m2 / 375m2	Cleaning capacity	400m2 per hour
Rated input voltage	240VAC 50HZ	Cleaning area	Floor, walls and waterline
Rated working voltage	DC 24 V	Run times	1hr, 2hr, 3hr, 4hr
Power	Maximum 220W	Swivel cable	Yes
Working depth	0.8~5 m	Mobile app	Local connection
Working temperature	5-35°C	Time scheduling	Yes - Local App
Storage temperature	5-45°C	Manual mode	Yes - Local App
IP rating robot	IP68	Water temperature display	Yes - Local App
IP rating control box	IP54	Manual Mode	Yes - Local App

PREMIUM FEATURES FOR SUPERIOR CLEANING

Premium casing with UV and chemical resistance
Dual motor for optimised control and turning
Brushless motor delivering longevity & durability
Inverter Motor for ultimate efficiency, precise rotation and climbing
Dynamic filtration with fine and large filtration options
Large 6.2L basket size. with Dual Layer Filtration and Interchangeable/replaceable filter sections
Fitted with Madimack's anti-slip Aqua-Grip Technology
Effortless cleaning walls, floors & edges
Intelligent Path Planning
Technologically advanced algorithm delivering cleaning efficiency
